## CHINDA RECEIVES REPLY TO PROTEST

Ambassador Cables Answer to  
Protest to Tokyo.

CONTENTS NOT GIVEN OUT.

Governor Johnson of California Signs  
Anti-Allen Land Bill and Measure  
Becomes Law in Ninety Days—Move-  
ment for Referendum.

Washington, May 20.—Secretary  
Ryan handed Ambassador Chinda the  
reply of the United States government  
to the Japanese protest against the  
California alien land legislation. The  
ambassador immediately cabled it to  
Tokyo. No indication as to the nature  
of the reply was given out.

Upon learning through press dis-  
patches that Governor Johnson had  
signed the Webb land act, Secretary  
Ryan telephoned Viscount Chinda and  
invited him to come to the state de-  
partment and receive the reply which  
he had been anxiously awaiting since  
the presentation of his note on May 9.  
When the answer had been deter-  
mined the secretary and the ambassa-  
dor conferred earnestly for an hour  
concerning the general aspect of the  
question they are trying to solve. Of  
course, the opinions expressed were  
tentative, for his part the ambassador  
felt he must be guided by the direc-  
tions of the foreign office at Tokyo.

Withheld From Publication.

Meanwhile it was understood that  
both the Japanese protest and the  
state department's answer would be  
withheld from publication at present,  
on the ground that it would be in-  
judicious to submit the delicate ques-  
tions at issue to heated discussion in  
the newspapers and at possible mass  
meetings. The negotiations between  
the two governments are now expected  
to proceed in regular fashion without  
further reference to what takes place  
in California. Upon returning to the  
embassy, Viscount Chinda dispatched  
the state department's reply to his  
own government, and it is assumed  
that several days may elapse before  
the next step is taken.

Johnson Signs Bill.

Sacramento, Cal., May 20.—Against  
the protests of Japan and the rep-  
resentations of President Wilson and his  
personal envoy, Secretary of State  
Bryan, Governor Johnson signed the  
alien land bill, and ninety days after  
the adjournment of the legislature, or  
on Aug. 10, the act becomes operative.

While the governor was signing the  
bill the steamship Korea was passing  
through the Golden Gate, bearing two  
distinguished Japanese, one a former  
pupil of President Wilson, on a mis-  
sion of investigation.

Meanwhile complications, national  
and sectional, beset the bill. Over-  
shadowing all is the outcome of the  
negotiations now in progress between  
this country and Japan, which has in-  
terpreted the act as discriminatory  
and offensive.

Hostility in California.

Within California itself the act has  
encountered triple hostility, which  
may delay its actuality until Novem-  
ber, 1914. Democrats opposed state  
legislation at this time as a matter of  
party regularity. Nevertheless, so  
plain to them seems to be the demand  
for the bill that, after exhausting par-  
liamentary tactics, the senate gave  
but one adverse vote and the assembly  
but two. As an expression of this op-  
position, Theodore Bell, late Demo-  
cratic candidate for governor and  
former chairman of the Democratic  
state central committee, has issued an  
invitation to his party to submit the  
issue to the people by invoking the  
referendum against the bill. He  
grounds his opposition on two conten-  
tions—one that the bill is insufficient-  
ly drastic, because it permits leases  
running three years, and second be-  
cause at the present it embarrasses  
the national administration.

The Asiatic Exclusion league, an or-  
ganization of which the president is  
Olaf V. Tveitmo, recently convicted  
of complicity in the national dynamite  
plot originating in Indianapolis, an-  
nounced that it would invoke the re-  
ferendum purely because it opposes the  
bill as faint-hearted. Thirdly, the  
powerful Panama-Pacific International  
Exposition company, backed by many  
chambers of commerce, has placed  
itself on record in opposition to the  
bill on the ground that it is a violation  
of faith.

Baptists in Field of Social Service.  
St. Louis, May 20.—The Southern  
Baptist convention decided in the clos-  
ing session to enter actively into so-  
cial service work and appointed a com-  
mittee of seven for that purpose,  
which will co-operate with the com-  
mittee from the Northern Baptist con-  
vention already engaged in this work.

Requests Withdrawal of Consul.

Eagle Pass, Tex., May 20.—Governor  
or Carranza, constitutional leader, is  
preparing a message to President Wil-  
son notifying him that United States  
Consul Luther T. Ellsworth, at Pedras  
Negras, is persona non grata and re-  
questing his withdrawal.

Dr. David Starr Jordan Resigns.  
Stanford University, Cal., May 20.—  
Dr. David Starr Jordan, president of  
Stanford university, resigned his po-  
sition to accept the office of chancellor  
which will be created by the board of  
trustees next Friday for his especial  
benefit.

## CINCINNATI CAR STRIKE SETTLED

Questions in Dispute to Be Sub-  
mitted to Arbitration.

LONG TRAFFIC TIEUP AT END

Conference Between Company Officials  
and Union Leaders Results in Agree-  
ment and Service Is Resumed—Plea  
Against Receivership.

Cincinnati, May 20.—Conferences  
between representatives of the Cincin-  
nati Traction company and leaders of  
the striking street car men's union  
ended in an agreement by which the  
strike was declared off. Service was  
resumed today. Most of the questions  
in dispute will be submitted to arbi-  
tration.

The street car men won the vital  
point for which they were contending,  
recognition of their recently formed  
union, but in return conceded the open  
shop principles, whereby the company  
will be allowed to employ nonunion  
workers.

Both sides earlier united in asking  
Judge Geoghan of the common pleas  
court to postpone action on the pe-  
tition filed by the city of Cincinnati  
on Saturday for a receiver for the  
company. They gave as their reason  
that important conferences were go-  
ing on that might lead to a settlement,  
and accordingly the court postponed  
the hearing of arguments until morn-  
ing.

Street cars have not been running  
any night since the strike began.

WOOL TRUST HEAD ON TRIAL

District Attorney Outlines Case  
Against William W. Wood.

Boston, May 20.—The common-  
wealth, through Attorney Pelletier, laid  
the foundation of its case against  
President William W. Wood of the  
American Woolen company, Frederick  
E. Atteaux and Dennis J. Collins, who  
are charged with conspiracy to "plant"  
dynamite at Lawrence during the  
great textile strike of last year.

District Attorney Pelletier declared  
that the evidence would indicate that  
the three men conspired with John J.  
Breen, an undertaker of Lawrence,  
and Ernest R. Pitman, a builder of  
Andover, to "plant" the dynamite for  
the purpose of prejudicing public op-  
inion against the striking textile work-  
ers.

It would be shown, he said, that At-  
teaux and Wood were in conference  
at Boston previous to the hiding of the  
explosive and that they went from  
Boston to Andover, near Lawrence,  
on the night that Breen said Collins  
hid the dynamite at their bidding. He  
declared that the evidence would  
show that in consideration of evidence  
at the time of the strike, Wood paid  
Atteaux \$505 in March, 1912, and \$2,  
100 three months later.

ROW AMONG PRESBYTERIANS

Charges of "Politics" Made in Con-  
nection With Mission Work.

Atlanta, Ga., May 20.—Spirited dis-  
cussion, which at times approached  
acrimonious debate, caused furies of  
excitement at the sessions of the three  
Presbyterian assemblies convening  
here.

The northern assembly spent the  
day in turmoil, resulting from the re-  
production here of the New York  
newspaper story charging that Dr. T.  
J. Stone's election as moderator of  
that body was brought about "through  
a deep laid political scheme."

No less excitement prevailed at the  
afternoon session when poignant  
charges were made in discussing the  
report of the special committee on the  
Union Theological seminary of New  
York.

Restoration of previous relations of  
the institution and the northern  
church was favored in the majority,  
but was opposed in two minority re-  
ports. Definite action on the reports  
was deferred.

CONSCIENCE FUND IS  
SWELLED BY WIDOW.

Washington, May 20.—A widow  
of North Dakota, stricken by con-  
science for some fraud against the  
government of the United  
States, sent Secretary McAdoo  
\$164 in restitution, with this note:  
"This is money that I promised  
God I would send back if ever I  
was able. A WIDOW."

Forger Confesses Posing as Woman.

Kansas City, May 20.—James Ar-  
thur Baker, arrested here, charged  
with theft, committed at Summerland,  
Cal., in a confession to the police, said  
that much of his life he had posed as  
a woman. He was a school teacher.

Minimum Wage for Minister.

Atchison, Kan., May 20.—A resolu-  
tion fixing the minimum salary of each  
minister at \$1,000 a year, exclusive of  
a parsonage, was adopted. Each dis-  
trict synod will be required to take  
up this question at once.

Standard Oil Hearing On in Missouri.

Jefferson City, Mo., May 20.—The  
case in which the Standard Oil com-  
pany of Indiana seeks to show why it  
should not be ousted from the state of  
Missouri as a trust was resumed this  
afternoon here.

BIG SURPRISE TO MONARCH

First Experience With Seidlitz Pow-  
ders Produces Startling Scene in  
Court in Delhi.

On the first consignment of seidlitz  
powders in the capital of Delhi, the  
monarch became deeply interested in  
the accounts of the refreshing  
draught. A box was brought to the  
king in full court, and the interpreter  
explained to his majesty how it should  
be used.

Into a goblet he put the contents of  
the twelve blue papers, and, having  
added water, the king drank it off.  
This was the alkali, and the royal  
countenance expressed no signs of  
satisfaction. It was then explained  
that in the combination of the two  
powders lay the luxury, and the  
twelve white powders were quickly  
dissolved and as eagerly swallowed  
by his majesty.

With a wild shriek that will be re-  
membered while Delhi is numbered  
among the kingdoms, the monarch  
rose, staggered, exploded, and, in his  
full agonies, screamed, "Hold me  
down!" then, rushing from the  
throne, fell prostrate on the floor.  
There he lay during the long-con-  
tinued effervescence of the compound,  
sputtering like ten thousand penny-  
worth of pop, and believing himself  
in the agonies of death—a malady  
and humiliating proof that kings are  
mortal like poor (human) folk.

Miss Treaslee Key of Pickering spent  
Sunday in Maryville with her aunts,  
Misses Mollie and Lou Henderson.

DYNAMITE CRUISER  
HIT BY OWN TORPEDO

Vesuvius Is Beached, but Later Proceeds to Station.

Newport, R. I. May 20.—The torpedo boat Vesuvius was struck by one of its own torpedoes and beached on Hope island, Narragansett bay, when the lives of those on board seemed imperiled by the waters which rushed in through a two-inch hole astern.

The beaching of the Vesuvius was safely accomplished by Chief Gunner Thomas Smith, the commanding officer. Besides the regular crew, fifty seamen gunners were on board. The vessel was worked off the beach later and proceeded to the torpedo station.

The Vesuvius, which is a dynamite cruiser, famous as one of the first vessels of the "new" navy, was being used for torpedo instruction at Narragansett bay. As a practice Whitehead torpedo left its side the mechanism went wrong in some manner not yet determined. The torpedo turned like a boomerang and crashed into the Vesuvius astern, below the water line, gashing a two-inch hole.

Hammocks, blankets and other material were used in trying to patch up the hole, but the Vesuvius began to settle astern and a call for help was sent out by wireless.

The nearest land was Hope island, two miles away. All pumps were kept working until the Vesuvius ran its nose on the beach of Hope island. The crew massed in the bow, out of reach of the water, while the wireless operator notified the torpedo station. Soon the fleet from the torpedo station ranged alongside the Vesuvius.

John A. Scudder Is Dead.  
St. Louis, May 20.—John A. Scudder, a retired capitalist, died suddenly at his home here of apoplexy. He was eighty-three years old. HIS TROUBLE  
NOT OF HEART

Real Facts in Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Theodor's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Theodor's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Theodor's. Price 25c.

## HAWKINS GETS IT

VACANCY IN LANGUAGE DEPARTMENT TO LOCAL SUPERINTENDENT

## ALL TEACHERS RETAINED

Board of Regents Re-Elect Present Faculty and Add Three New Members—Summer Term May 28.

The Normal board in session at their annual meeting held Monday afternoon selected the following as members of the school faculty from September 1, 1913, to September 1, 1914:

George H. Colbert, dean of faculty and head of department of mathematics.

Beulah M. Brunner, assistant in education.

Mary M. Hughes, assistant in education.

Fannie Hope, training teacher, grammar grades.

Carrie Hopkins, training teacher primary grades.

Alice Martin, training teacher, kindergarten.

Katherine Helwig, assistant in mathematics.

H. P. Swinehart, English department.

Beatrice Winn, assistant in English.

Harry A. Miller, expression and public speaking.

C. A. Hawkins, department of foreign language.

John E. Cameron, agriculture and biology.

E. L. Harrington, physics and chemistry.

John A. Lesh, ancient and European history.

T. H. Cook, American history and civics.

Hettie M. Anthony, domestic science.

Harriet Day, art.

Frank H. Shepherd, manual training.

P. O. Landon, music.

LaRue Kemp, training school music.

C. E. Wells, librarian.

W. A. Rickenbrode, registrar and commercial subjects.

L. M. Eck, secretary of the president.

Mrs. A. R. Perrin, dean of women.

C. C. Smith, custodian of buildings.

R. H. Duncan, farm superintendent.

George Hulet, engineer.

Ira Richardson was selected as president of the school and also director of the department of education and training. His appointment was for a term of two years. Mr. Richardson has been acting president of the Normal since Dr. H. K. Taylor resigned a month ago on account of ill health. Dr. Taylor's resignation takes effect June 1.

The board at a later meeting will select an assistant in the science department and also a teacher for descriptive and physical geography department.

There are only three new members of the Normal faculty selected. They were Superintendent C. A. Hawkins of the Maryville public schools, Miss Beulah M. Brunner and Miss Beatrice Winn.

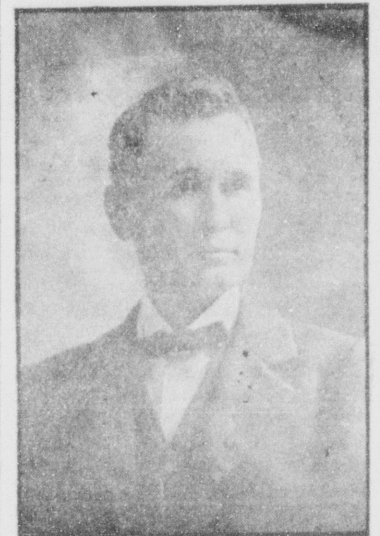

Superintendent Hawkins was selected for the department of foreign language. He has been at the head of the public schools in this city for nine and a half years and before that time was principal of the high school here for seven and a half years. Before coming to Maryville, he was connected with the public schools of Hopkins, being the head of the schools at that town for six years and for two years before that time was assistant principal at Hopkins. Superintendent Hawkins will accept the position with the Normal and will resign soon as superintendent of the public schools.

Miss Brunner, who will be an assistant in the education department, comes from the Warrensburg Normal school. At that school, she has been principal of the grammar department and superintendent of drawing. For the past year, she has been attending the Teachers' College at Columbia University, New York.

Miss Winn was chosen for assistant in English. She is a graduate of the State University and for the past six years has been head of the English and history department of Benton high school in St. Joseph.

For the summer term of the Normal, which opens Wednesday, May 28, all of the members of the faculty selected Monday will teach except Superintendent Hawkins, who will begin his duties September 1. Prof. V. I. Moore will have charge of the foreign language department until September 1, and at that time he will go to Arlington, Tex.

Two students scholarships in the training and one student scholarship in the domestic science department were created by the board, valued at \$25 a month.

The Owls Won.

A very interesting baseball game was played Sunday afternoon at the ball park between the Owl lodge and the Black Wonders. The game was won by the Owls, the score being 9 to 7. The batteries were Palmer and Palmer for the Black Wonders and Grover Anderson and Bob Darling for the Owls.

Committees From W. O. W. and Owls Have Matter in Charge and Will Meet to Discuss Plans.

Maryville will have a Fourth of July celebration if the merchants of the town are in favor of it. The movement for a celebration this year is backed by the W. O. W. and the Owls and committees have been appointed from both lodges to plan for the celebration.

If the business men are not in favor of celebrating the Fourth, the lodges will hold a big picnic on that day, probably a barbecue, for the members and their families.

The committee from the W. O. W. is composed of M. A. Turner, Frank Bolin, Elmer Moberly, Clyde Avitt and Roy Martin. The committee from the Owls is Martin Borrusch, Frank Reulicher, Wm. Hughes, Lawrence Schumacher and T. J. Parle. The two committees will meet on Wednesday evening and discuss plans for either a celebration held in the city or for a big picnic.

FREAKS OF THE WIND.

Harry Wray Told of Number of Things the Wind Did at Seward, Neb., Last Week in Storm.

In a letter to his brother, Vern Wray of this city, Harry Wray of Seward, Neb., has written to assure relatives here of his safety and says his loss is comparatively nothing. His barn and other outbuildings were moved from their foundations, but that was the extent of his loss.

He spoke of some of the freaks of the tornado and told of two pictures in neat gilt frames that were carried two miles and dropped in a wheat field. The frames were not marred or scratched in the least nor was the glass over the pictures cracked. A hen's egg wrapped in a coil of wire was found in a field. The wire was such as is used to hold together the various pieces of glass in stained glass windows. The egg could not be dislodged from its place without considerable exertion. It was unbroken, but the force necessary to have twisted the wire about the egg would have been sufficient to have crushed it. There were no chickens kept near the place the egg was found, nor were there any eggs in the house. The only stained glass windows known in that region were in a residence considerable distance away, and it is supposed the wire from around the pieces of glass and the egg from some farmhouse met somewhere in the tornado and were twisted together.

Brought to Hospital.

George Otis of Hopkins accompanied his seventeen-year-old son, Charles Otis, to St. Francis hospital in this city Saturday evening for treatment. The young man was injured while plowing two weeks ago. A colt ran against him in play and threw him left leg between the hip and thigh and nearly causing a fracture. It was at first thought an operation would be necessary, but the injured leg is yielding to treatment so readily that surgery will not be necessary.

Professor T. H. Cook and his son, Dow Cook, left Monday evening for Chicago, where Dow will again be placed under the care of Dr. Murphy, the bone specialist. Professor Cook will remain with his son for several days. Dow has not seemed so well for several weeks, and has had to give up his school work on account of his diseased hip.

It is a little early yet for the many pretty lawns about Maryville to be in their best condition, but the one in the Maryville Furniture Company's window is a right good substitute and an inspiration as well. ## TO CONFER HERE

STATE NORMAL PRESIDENTS TO HOLD MEETING IN JUNE.

## THE FIRST SESSION HERE

Heads of the Five State Schools to Consider Matters Peculiar to Their Institutions.

The presidents of the State Normal Schools of Missouri will meet in Maryville on Monday, June 30, for the purpose of discussing educational problems of interest to these institutions. The heads of these schools are: John R. Kirk, Kirksville Normal; W. J. Carrington, Springfield Normal; and W. S. Dearnont, Cape Girardeau Normal. Ira Richardson of the Normal here will make arrangements for their entertainment while in our city. The conference will be held in the Normal school.

This is the first time that Maryville has had the conference of the presidents of the Normal schools.

President Richardson announced today that lectures by noted educators on the present day educational problems will be given during the summer term. The summer term will open Wednesday, May 28. Dr. Henry Suzzallo, teacher of educational sociology in the Teachers' College of Columbia University of New York, will be here for three days on June 9, 10 and 11. He will give two lectures a day. Prof. J. A. Whitford, superintendent of the St. Joseph public schools, will be here in July for a series of lectures for two weeks. Other educators will also be here during that term.

The summer term promises to be the largest attended term yet held by the Normal. A large number has already signified their intention of coming here.

NORMAL BOARD ORGANIZED.

W. A. Blagg, President, W. G. Hine, Vice-President, and E. E. Williams, Treasurer.

The Normal board of regents in their meeting Monday afternoon perfected their organization for the ensuing year. W. A. Blagg was selected as president of the board, W. G. Hine of Savannah, as Vice-president, W. A. Rickenbrode as secretary, and E. E. Williams of Real Estate bank as treasurer.

The board ordered the grading to be done on Ninth street, the residence of the president of the school be painted, and that an actylene plant of larger capacity be secured for the domestic science and science departments.

The board also decided to have the school year commence with September 1 of each year instead of June 1, as it has been heretofore.

The members of the board in attendance at the annual meeting were W. A. Blagg of this city, W. G. Hine of Savannah, J. D. O'Brien of St. Joseph, Leo M. Phillips of Grant City, T. D. Parr of Hamilton and State Superintendent of Schools W. P. Evans.

THE LADIES' BAND CONCERT.

Hour of Music Given by Miss Nash's Organization Drew Big Crowd Saturday.

The Missouri Ladies' Military Band gave an hour's concert Saturday night in the court house yard. A large crowd gathered in the yard and the street was lined with vehicles. The director, Miss Alma Nash, presented the following program, each number of which was well received by the gathering:

March, "School Life"—Johnson.

Selection, "Bohemian Girl"—Balfe.

March, "Fall in Line"—Kiefer.

Gavotte, "The Fashion"—Kiefer.

Selection, "American Favorite"—Prendiville.

Serenade, "Sweet Thought"—Ripley.

March, "Our Director"—Bigelow.

## ANOTHER IN FIELD

S. G. GILLAM AND FIRST NATIONAL TO FORM COMPANY.

## A BIG ORGANIZATION

Another Strong Financial Factor to Enter Maryville—Plans Not Yet Fully Matured.

There are strong probabilities of the organization of another trust company in Maryville, the new institution to be allied with the First National bank. The company will be formed for the purpose of farm loans and other business, such as estates, etc. It is generally understood that S. G. Gillam, who has sold out his interests in Gillam, Bellows & Pierce Loan Co. an dthe Maryville National bank, will be allied with the new company and also with the First National bank. Announcement was made Monday of Mr. Gillam selling his stock, and of the Maryville National and Gillam, Bellows & Pierce being merged into one organization, The Farmers Trust Company, with a capital of \$200,000. Rumor has it that there are several other wealthy men to go into the new trust company.

The First National will still continue their banking business however. Full details of the new organization will be announced in a few days.

COUNCIL WAS IN SESSION.

A Special Meeting of the Board of Aldermen Held Monday Night—Approved Contracts.

A special meeting of the city council was held Monday night at the city hall. The contracts entered into by the board of public works for the purpose of purchasing and setting boilers at the pumping station were approved by the board.

The report of City Treasurer J. D. Richey was approved and the city moneys now on hand were ordered to be turned over to the First National bank, as that bank had been selected as the city depository. J. F. Colby's bond as city treasurer was ratified by the board.

The council adopted an ordinance ordering sidewalks to be built on West Hansen street.

An informal discussion was held and Mayor Robey suggested that all closest located within the fire limits be done away with. City Attorney Wiles will draw up an ordinance soon that will cover this matter.

TO ENFORCE AUTO ORDINANCE.

Speeding and Using Cutout on Automobiles to Be Looked After by City Authorities.

The city ordinance in regard to speeding and using the cutout is to be enforced by the city authorities and all autoists had better take warning. Many have made complaints to the officers in regard to speeding and also using the cutout, and a strict watch will be made for these auto drivers.

Operated Upon at Hospital.

Dr. J. R. Heryford of Pickering was in Maryville Tuesday morning at St. Francis hospital, with his patient, Charles Otis of near Hopkins, who was brought to the hospital Saturday.

The young man was operated upon Tuesday morning for an injury to one of his legs which occurred three weeks ago when a colt threw him against a plow handle. The wound became infected and it was thought that treatment at the hospital would be sufficient and that an operation could be avoided, but he suffered considerably Monday night, so the wound was opened and a large amount of pus removed.

Guests From Turko.

Mr. and Mrs. Anderson Craig have had their daughter, Mrs. Curtis H. Coe and her children, Mary and Curtis H. Jr., with them since Friday night. Dr. Coe joined his family here over Sunday and Monday spending Tuesday in St. Joseph. They will go home Wednesday to meet relatives from Salt Lake City, who are coming to visit them.

## CHINDA RECEIVES REPLY TO PROTEST

Ambassador Cables Answer to  
Protest to Tokyo.

CONTENTS NOT GIVEN OUT.

Governor Johnson of California Signs  
Anti-Allen Land Bill and Measure  
Becomes Law in Ninety Days—Move-  
ment for Referendum.

Washington, May 20.—Secretary  
Ryan handed Ambassador Chinda the  
reply of the United States government  
to the Japanese protest against the  
California alien land legislation. The  
ambassador immediately cabled it to  
Tokyo. No indication as to the nature  
of the reply was given out.

Upon learning through press dis-  
patches that Governor Johnson had  
signed the Webb land act, Secretary  
Ryan telephoned Viscount Chinda and  
invited him to come to the state de-  
partment and receive the reply which  
he had been anxiously awaiting since  
the presentation of his note on May 9.  
When the answer had been deter-  
mined the secretary and the ambassa-  
dor conferred earnestly for an hour  
concerning the general aspect of the  
question they are trying to solve. Of  
course, the opinions expressed were  
tentative, for his part the ambassador  
felt he must be guided by the direc-  
tions of the foreign office at Tokyo.

Withheld From Publication.

Meanwhile it was understood that  
both the Japanese protest and the  
state department's answer would be  
withheld from publication at present,  
on the ground that it would be in-  
jurious to submit the delicate ques-  
tions at issue to heated discussion in  
the newspapers and at possible mass  
meetings. The negotiations between  
the two governments are now expected  
to proceed in regular fashion without  
further reference to what takes place  
in California. Upon returning to the  
embassy, Viscount Chinda dispatched  
the state department's reply to his  
own government, and it is assumed  
that several days may elapse before  
the next step is taken.

Johnson Signs Bill.

Sacramento, Cal., May 20.—Against  
the protests of Japan and the rep-  
resentations of President Wilson and his  
personal envoy, Secretary of State  
Bryan, Governor Johnson signed the  
alien land bill, and ninety days after  
the adjournment of the legislature, or  
on Aug. 10, the act becomes operative.  
While the governor was signing the  
bill the steamship Korea was passing  
through the Golden Gate, bearing two  
distinguished Japanese, one a former  
pupil of President Wilson, on a mis-  
sion of investigation.

Meanwhile complications, national  
and sectional, beset the bill. Over-  
shadowing all is the outcome of the  
negotiations now in progress between  
this country and Japan, which has in-  
terpreted the act as discriminatory  
and offensive.

Hostility in California.

Within California itself the act has  
encountered triple hostility, which  
may delay its actuality until Novem-  
ber, 1914. Democrats opposed state  
legislation at this time as a matter of  
party regularity. Nevertheless, so  
plain to them seems to be the demand  
for the bill that, after exhausting par-  
liamentary tactics, the senate gave  
but one adverse vote and the assembly  
but two. As an expression of this op-  
position, Theodore Bell, late Demo-  
cratic candidate for governor and  
former chairman of the Democratic  
state central committee, has issued an  
invitation to his party to submit the  
issue to the people by invoking the  
referendum against the bill. He  
grounds his opposition on two con-  
tentions—one that the bill is insuffi-  
ciently drastic, because it permits leases  
running three years, and second be-  
cause at the present it embarrasses  
the national administration.

The Asiatic Exclusion league, an or-  
ganization of which the president is  
Olaf V. Tveitmo, recently convicted  
of complicity in the national dynamite  
plot originating in Indianapolis, an-  
nounced that it would invoke the re-  
ferendum purely because it opposes the  
bill as faint-hearted. Thirdly, the  
powerful Panama-Pacific International  
Exposition company, backed by many  
chambers of commerce, has placed  
itself on record in opposition to the  
bill on the ground that it is a violation  
of faith.

Baptists in Field of Social Service.

St. Louis, May 20.—The Southern  
Baptist convention decided in the clos-  
ing session to enter actively into so-  
cial service work and appointed a com-  
mittee of seven for that purpose,  
which will cooperate with the com-  
mittee from the Northern Baptist con-  
vention already engaged in this work.

Requests Withdrawal of Consul.

Eagle Pass, Tex., May 20.—Governor  
or Carranza, constitutional leader, is  
preparing a message to President Wil-  
son notifying him that United States  
Consul Luther T. Ellsworth, at Pedras  
Negras, is persona non grata and re-  
questing his withdrawal.

Dr. David Starr Jordan Resigns.  
Stanford University, Cal., May 20.—  
Dr. David Starr Jordan, president of  
Stanford university, resigned his po-  
sition to accept the office of chancellor  
which will be created by the board of  
trustees next Friday for his especial  
benefit.

in dispute will be submitted to arbi-  
tration.

The street car men won the vital  
point for which they were contending,  
recognition of their recently formed  
union, but in return conceded the open  
shop principles, whereby the company  
will be allowed to employ nonunion  
workers.

Both sides earlier united in asking  
Judge Geoghan of the common pleas  
court to postpone action on the pe-  
tition, filed by the city of Cincinnati  
on Saturday for a receiver for the  
company. They gave as their reason  
that important conferences were go-  
ing on that might lead to a settlement,  
and accordingly the court postponed  
the hearing of arguments until morn-  
ing.

Street cars have not been running  
any night since the strike began.

WOOL TRUST HEAD ON TRIAL

District Attorney Outlines Case  
Against William W. Wood.

Boston, May 20.—The common-  
wealth, through Attorney Pelletier, laid  
the foundation of its case against  
President William M. Wood of the  
American Woolen company, Frederick  
E. Atteaux and Dennis J. Collins, who  
are charged with conspiracy to "plant"  
dynamite at Lawrence during the  
great textile strike of last year.

District Attorney Pelletier declared  
that the evidence would indicate that  
the three men conspired with John J.  
Breen, an undertaker of Lawrence,  
and Ernest R. Pitman, a builder of  
Andover, to "plant" the dynamite for  
the purpose of prejudicing public op-  
inion against the striking textile work-  
ers.

It would be shown, he said, that At-  
teaux and Wood were in conference  
at Boston previous to the hiding of the  
explosive and that they went from  
Boston to Andover, near Lawrence,  
on the night that Breen said Collins  
hid the dynamite at their bidding. He  
declared that the evidence would  
show that in consideration of evidence  
at the time of the strike, Wood paid  
Atteaux \$505 in March, 1912, and \$2,  
100 three months later.

ROW AMONG PRESBYTERIANS

Charges of "Politics" Made in Con-  
nection With Mission Work.

Atlanta, Ga., May 20.—Spirited dis-  
cussion, which at times approached  
acrimonious debate, caused furies of  
excitement at the sessions of the three  
Presbyterian assemblies convening  
here.

The northern assembly spent the  
day in turmoil, resulting from the re-  
production here of the New York  
newspaper story charging that Dr. T.  
J. Stone's election as moderator of  
that body was brought about "through  
a deep laid political scheme."

No less excitement prevailed at the  
afternoon session when poignant  
charges were made in discussing the  
report of the special committee on the  
Union Theological seminary of New  
York.

Restoration of previous relations of  
the institution and the northern  
church was favored in the majority,  
but was opposed in two minority re-  
ports. Definite action on the reports  
was deferred.

CONSCIENCE FUND IS  
SWELLED BY WIDOW.

Washington, May 20.—A widow  
of North Dakota, stricken by con-  
science for some fraud against  
the government of the United  
States, sent Secretary McAdoo  
\$164 in restitution, with this note:  
"This is money that I promised  
God I would send back if ever  
I was able. A WIDOW."

FORGER CONFESSES POSING AS WOMAN

Kansas City, May 20.—James Ar-  
thur Baker, arrested here, charged  
with theft, committed at Summerland,  
Cal., in a confession to the police, said  
that much of his life he had posed as  
a woman. He was a school teacher.

Minimum Wage for Minister.

Atchison, Kan., May 20.—A resolu-  
tion fixing the minimum salary of each  
minister at \$1,000 a year, exclusive of  
a parsonage, was adopted. Each dis-  
trict synod will be required to take  
up this question at once.

Standard Oil Hearing On in Missouri.

Jefferson City, Mo., May 20.—The  
case in which the Standard Oil com-  
pany of Indiana seeks to show why it  
should not be ousted from the state of  
Missouri as a trust was resumed this  
afternoon here.

**BIG SURPRISE TO MONARCH**

First Experience With Seidlitz Pow-  
ders Produces Startling Scene in  
Court in Delhi.

On the first consignment of seidlitz  
powders in the capital of Delhi, the  
monarch became deeply interested in  
the accounts of the refreshing  
draught. A box was brought to the  
king in full court, and the interpreter  
explained to his majesty how it should  
be used.

Into a goblet he put the contents of  
the twelve white papers, and, having  
added water, the king drank it off.  
This was the alkali, and the royal  
countenance expressed no signs of  
satisfaction. It was then explained  
that in the combination of the two  
powders lay the luxury, and the  
twelve white powders were quickly  
dissolved and as eagerly swallowed  
by his majesty.

With a wild shriek that will be re-  
membered while Delhi is numbered  
among the kingdoms, the monarch  
rose, staggered, exploded, and, in his  
full agonies, screamed, "Hold me  
down!" then, rushing from the  
throne, fell prostrate on the floor.  
There he lay during the long-con-  
tinued effervescence of the compound,  
sputtering like ten thousand penny-  
worth of pop, and believing himself  
in the agonies of death—a melancholy  
and humiliating proof that kings are  
mortal.

## "MOVIES" FOR THE FAMILY

Time Not Far Off When Provision Will Be Made in Home for Picture Shows.

A prediction may safely be made that in the very near future provision will be made for moving pictures in the home. When a man decides to build a house to cost, say, \$25,000 or more, the architect will plan the picture room in which the family and their guests can enjoy a select program of latest productions. It may be in connection with a dancing room or it can be accommodated in much less space. A projecting machine suitable for the home will not be very costly, and the films will doubtless be delivered each week by companies organized for that special purpose. Travelers returning from abroad will find pictures of cities and scenes they have visited a wonderful help in recollecting to friends and relatives incidents of the places they have visited.

Another new industry which will soon come into existence in all the larger cities will be film photography. Children's birthdays, garden parties, weddings and other functions, which will in later days or years recall pleasant memories will be thus perpetuated by the film photographer. He will eventually be considered as much a necessity as the orchestra. Undoubtedly one of the most acceptable wedding presents in days to come from parents to bride and bridegroom will be a set of progress films showing the children as they advanced from infancy to high school days. As a feature of the wedding festivities these pictures would afford both amusement and entertainment.—Popular Mechanic.

## "BILL" HAD LIVED TOO LONG

Hatter Becomes Indignant When Customer Enters Complaint About His Purchase.

Pittsfield, in the Berkshire hills, had in the old days, like many another New England town, a number of men and women who were called "characters." One of these was "Bill" Brown, a man unfortunately addicted to drink, and frequently intoxicated for days at a time.

On one occasion he went into the shop of the local hatter, Mr. Smith, and asked for the best beaver he had. Mr. Smith produced the desired article, saying, as he took the money: "That beaver will last a man a life-time."

Bill went proudly down the main street with his fine beaver on his head, and immediately celebrated the event with a protracted debauch.

When he recovered he returned to the shop with a most disreputable hat.

"Look here, I thought you said this here beaver would last me a life-time."

"So it would," growled Mr. Smith, "if you had died when you ought to."

DYNAMITE CRUISER  
HIT BY OWN TORPEDO

Vesuvius is Beached, but Later Proceeds to Station.

Newport, R. I. May 20.—The torpedo boat Vesuvius was struck by one of its own torpedoes and beached on Hope island, Narragansett bay, when the lives of those on board seemed imperiled by the waters which rushed in through a two-inch hole astern.

The beaching of the Vesuvius was safely accomplished by Chief Gunner Thomas Smith, the commanding officer. Besides the regular crew, fifty seamen gunners were on board. The vessel was worked off the beach later and proceeded to the torpedo station. The Vesuvius, which is a dynamite cruiser, famous as one of the first vessels of the "new" navy, was being used for torpedo instruction at Narragansett bay. As a practice Whitehead torpedo left its side the mechanism went wrong in some manner not yet determined. The torpedo turned like a boomerang and crashed into the Vesuvius astern, below the water line, gashing a two-inch hole.

Hammocks, blankets and other material were used in trying to patch up the hole, but the Vesuvius began to settle astern and a call for help was sent out by wireless.

The nearest land was Hope island, two miles away. All pumps were kept working until the Vesuvius ran its nose on the beach of Hope island. The crew massed in the bow, out of reach of the water, while the wireless operator notified the torpedo station. Soon the fleet from the torpedo station ranged alongside the Vesuvius.

## John A. Scudder Is Dead.

St. Louis, May 20.—John A. Scudder, a retired capitalist, died suddenly at his home here of apoplexy. He was eighty-three years old. In the olden days of river traffic on the Mississippi, Mr. Scudder was a steamboat captain. He was one of the organizers of the Memphis and St. Louis line, known as the Anchor Line, and at various times had been a director in St. Louis financial institutions.

KENYON PROPOSAL  
GIVEN TO SENATE

Would Put Product of Monopolies on Free List.

Washington, May 20.—An amendment to the tariff bill introduced by Senator Kenyon proposed that when any corporation or concern was adjudged a monopoly its products should automatically go on the free list. Mr. Kenyon has hoped that the finance committee may consider the amendment, but if not he will press it on the floor. The proposal has almost unlimited possibilities for overturning schedules.

The question of whether products of concerns reorganized since the supreme court held them to be monopolies might still be under monopolistic control, also would enter into the application of the law should the Kenyon amendment be incorporated.

Subcommittees of the finance committee plan to meet every day this week to consider the wool, cotton, sugar and chemical schedules of the tariff bill. On all those manufacturers are here pleading to be heard against the rates of the Underwood bill.

HIS TROUBLE  
NOT OF HEART

Real Facts in Regard To F. R. Huffman's Illness. Relief Obtained by Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain."

After other remedies had failed, Theodore's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Theodore's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it. Insist on Theodore's. Price 25c.
